Grant Date: October 30, 1997

This license expires 3:00 a.m.  
local time, February 01, 2005.

Subject to the provisions of the Communications Act of 1934, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this license, the licensee is hereby authorized to use and operate the radio transmitting apparatus herein described.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

Name of Licensee: NEW LIFE EVANGELISTIC CENTER, INC

Station Location: MO-NEW BLOOMFIELD

Frequency (MHz): 90.3

Channel: 212

Class: A

Hours of Operation: Unlimited

Transmitter: Type Accepted. See Sections 73.1660, 73.1665 and 73.1670 of the Commission's Rules.

Transmitter output power:

Antenna type: Non-Directional

Description:

Antenna Coordinates: North Latitude: 38 deg 42 min 16 sec
West Longitude: 92 deg 05 min 20 sec

Table with 3 columns: Parameter, Horizontally Polarized Antenna, Vertically Polarized Antenna. Rows include Effective radiated power, Height of radiation center above ground, mean sea level, and average terrain.

Antenna structure registration number: Not Required

Overall height of antenna structure above ground: 288 Meters

Obstruction marking and lighting specifications for antenna structure:

It is to be expressly understood that the issuance of these specifications is in no way to be considered as precluding additional or modified marking or lighting as may hereafter be required under the provisions of Section 303(q) of the Communications Act of 1934, as amended.

None Required

Special operating conditions or restrictions:

- 1 The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.

**RE: Erratum to Request for Waiver of Main Studio Rule  
New Life Evangelistic Center, Inc.  
KNLN, Vienna, Missouri  
Facility ID #87389**

Dear Ms. Dortch:

On December 19, 2007, the undersigned submitted a request for a waiver of the Main Studio Rule for KNLN, Vienna, Missouri. In the second paragraph of that request, KNLN was mistakenly identified as the parent station for a group of co-owned stations for which the Main Studio Rule was previously waived. The station that has been the parent of the group and which is intended to be the parent station for KNLN is KNLG, New Bloomfield, Missouri. KNLG is the intended parent station for all of the co-owned stations with main studio waivers.

I regret any confusion that may have resulted from this error. Please contact the undersigned should you have any questions concerning this matter.

Very truly yours,

Donald E. Martin  
Counsel for  
New Life Evangelistic Center, Inc.

**RE: Request for Waiver of Main Studio Rule  
New Life Evangelistic Center, Inc.  
KNLN, Vienna, Missouri  
Facility ID #87389**

Dear Ms. Dortch:

On behalf of New Life Evangelistic Center, Inc. ("New Life"), this is to request a waiver of the Main Studio Rule, §73.1125 of the Commission's rules, for its noncommercial FM station, KNLN, Vienna, Missouri. New Life proposes that its co-owned noncommercial FM station, KNLG, New Bloomfield, Missouri, operate as the parent station for KNLN and serve as the location for the main studio for KNLN.

On August 25, 2004, the Commission granted New Life waivers of the Main Studio Rule for its stations, KNLP, Potosi, Missouri, KNLM, Marshfield, Missouri, KBIY, Van Burean, Missouri, WCBW-FM, St. Louis, Illinois, KBPB, Harrison, Arkansas, KNLH, Cedar Hill, Missouri, KNLQ, Cuba, Missouri, and a new station without a call sign at Perryville, Missouri (Facility ID #88435). Under these waivers, KNLN serves as the parent station and its main studio is the main studio for all of these stations. A copy of the Commission's letter granting these waivers is attached and incorporated herein.

New Life hereby seeks to extend the main studio waiver to cover KNLN under the same conditions specified in the Commission's letter with respect to New Life's other stations. The facts described in New Life's original request for the waivers for these stations also exist with respect to KNLN and support extending the waiver to that station. If this request is granted, New Life commits to operate KNLN under the same conditions that the Commission has specified in its August 25, 2004 letter granting the waivers for the other stations.

The Commission is advised that the Perryville, Missouri station with no call sign (Facility ID #88435) should be removed from the list of stations for which a waiver has been granted. That station was not constructed and its authorization has been returned to the FCC.

Ms. Marlene H. Dortch  
December 19, 2007
